Directors of One Camp & Creek Week made an announcement on 5/6/2020 declining the opportunity to be on the Tentative July Schedule shown above.

The above schedule is dependent on guidelines and directives from the Arkansas Health Department, that are scheduled to be released on May 31. This schedule is only tentative and could be canceled at any time due to those restrictions. This schedule is also subject to change if individual groups decide to cancel their camp.

Sis. Miranda will be in touch with each director and registrar with specific schedule information and registration dates concerning your group. Capacity guidelines for each group will be a minimum of 100 and a maximum of 225. Due to reduced capacity, it is very important that churches register early and give accurate numbers. The decision has been made to keep camp fees the same even though camping time has been reduced.

Please understand that because we are under the advisement of the Arkansas Health Department certain things about camp will not run as usual. There will be changes in place that we will follow regarding worship, dining, recreation and sleeping. As you know, changes to directives and restrictions are occurring daily. All of these directives will be considered by the trustees on or before June 15, regarding the above tentative schedule.

Thank you, once again, for your patience and prayers for the camp trustees and staff.
